

ACCEPTABLE USE POLICY

1. INTRODUCTION

This Acceptable Use Policy ("AUP") governs your use of any of the GeorgiaSpeed services provided by the Fort Valley Utility Commission (Hereafter known as GeorgiaSpeed), whether you subscribe to the Service or not, and you agree to all the terms set forth herein.

GeorgiaSpeed generally does not pre-screen, monitor, or edit the content posted by users of communications services, chat rooms, message boards, newsgroups, software libraries, or other interactive services that may be available on or through this site. However, GeorgiaSpeed and its agents have the right at their sole discretion to remove any content that, in GeorgiaSpeed's judgment, does not comply with the Rules of User Conduct or is otherwise harmful, objectionable, or inaccurate. GeorgiaSpeed is not responsible for any failure or delay in removing such content

If a GeorgiaSpeed.net Internet Service account is involved in a violation of these policies, we reserve the right to suspend or terminate Service without notice. Our preferred course of action would be to advise the account owner of the inappropriate behavior and any corrective action that may be necessary. However, repeated or flagrant violations of these policies may result in immediate termination of Service.

In the event that an account is deactivated or canceled as a result of any activities proscribed by these policies, the account may be subject to set-up fees, reactivation charges and/or deposit requirements to be determined by GeorgiaSpeed if such account is permitted to be re-activated or re-established. Users whose accounts have been canceled for misuse or violation of the Service Agreement or these policies are not entitled to re-register for the Service without express written approval from GeorgiaSpeed outside the normal flow of the registration process. Any further registrations for the Service by or for the user whose account has been terminated for such activities may be rejected or the new account(s) may be terminated upon discovery, and such further registration or use may subject the user to additional account set-up, analysis, monthly usage and/or termination charges for each such registration in amounts to be determined by GeorgiaSpeed.

GeorgiaSpeed may take such action as it deems appropriate against any subscriber or account user for violations of the Service Agreement or of these policies. However, there is no promise or obligation on our part to monitor or police any such activity and GeorgiaSpeed will have no liability to any party for any other party's violation of these policies or the Service Agreement.

8. Harassment

E-mail harassment is prohibited. Harassment is defined as sending unsolicited messages which interfere with others' enjoyment of the Internet. A message does not need to be overtly threatening or have obscene content to qualify as harassment. Unlike threatening messages, harassing mail can sometimes be the unintended result of mail repeatedly sent to a misspelled or otherwise incorrect address, a poorly maintained mailing list or indiscriminate use of the "reply to all" function. You can avoid unintentionally harassing other Internet users by:

Making sure you know all the people to whom your message is addressed before sending it;

Making sure that the addresses entered in your Address Book are entered correctly;

NOT selecting "Reply to All" without knowing who all the recipients are and being sure that they welcome mail from you; and

Refraining from e-mailing any person who has stated that he or she does not wish to receive mail from you.

9. REPORTING VIOLATIONS OF GEORGIASPEED'S AUP

GeorgiaSpeed requests that anyone who believes that there is a violation of this AUP direct the information to Director-Abuse Department, at: abuse@GeorgiaSpeed.net.

If available, please provide the following information:

The IP address used to commit the alleged violation

The date and time of the alleged violation, including the time zone or offset from GMT

E-mail with full header information provides all of the above, as do syslog files. Other situations will require different methods of providing the above information.

GeorgiaSpeed may take any one or more of the following actions in response to complaints:

- issue warnings: written or verbal
- suspend the Member's newsgroup posting privileges
